A RUDE CONDUCTOR.

'Twas wet as wet can always be;
The car was filling steadily.
Priscilla, standing, raised her dress,
To 'scape the floor's uncleanliness,
Her lace-clad ankle and her shoe
Made manifest to common view.
The crowd pressed in; Priscilla clung
Against my arm as on we swung.
'Close up!' cried the Conductor, curt.
She blushed and dropped the lifted skirt.
'My clothes were up, but how ill-bred
Of him to shout it out!' she said.

One day last week, while delivering coal at "Roemont," Mrs. Zweigart's beautiful home that crowns the apex of one of the highest hills that surrounds the city, a four-horse wagon loaded with coal, belonging to William Davis, took a tumble, and the resemblance of a wagon can now be seen at Short & Kain's blacksmith shop being doctored, as the result therefrom. Fortunately no lives were lost by the accident.

Yesterday was a delightful fall day and our beautiful Cemetery was thronged with visitors, who with reverent hands decorated the mounds beneath whose soil reposed in eternal sleep the mortal remains of some dear departed one. A visit to the City of the Dead is good for one. Besides furnishing food for thought and reflection, it is a reminder that we, too, shall sooner or later number ourselves as one of its silent citizens.

LAI'D TO REST.

Funeral of Late Mr. J. F. Perrie Largely Attended Yesterday.

How rapidly have the old and stanch business men of this city passed away in the past few years.

Today we are called on to note the going thence of another in the person of Mr. Joseph F. Perrie, whose funeral took place yesterday morning from his late residence in East Third street.

The large attendance of old friends and acquaintances indicated in a degree the esteem in which he was held by his neighbors and fellow-citizens.

After a worthy tribute by his Pastor, Rev. R. E. Moss of the Christian Church, his remains were followed to their last resting place in the Maysville Cemetery by a large concourse of sorrowing relatives and friends.

The floral offerings that strewed his grave were elaborate and beautiful.

Requiescat in pace.

COUNTY CONVENTION.

Sunday-School Workers Had Interesting Session Saturday.

On Saturday, at the Christian Church in this city, was held the County Sunday-school Convention, and the meeting was largely attended by those who are interested in this important branch of Church work.

The all-day session was of much interest, and the union meeting will no doubt result in a great deal of good to the Sunday-schools.

The program was—

9:45—Devotional Service—Rev. J. C. Molloy, D. D.

10—Our Greatest Need in Sunday-school Work—Rev. W. G. McCready.

10:20—The Value of Early Training—Rev. R. E. Moss.

10:45—Christ, the Great Teacher—E. A. Fox.

11:15—Reports—1. District Secretaries; 2. County Secretary; 3. County Treasurer.

11:50—Offering for State and County Work.

11:55—Appointment of Committees.

Noon Intermission.

1:15—Prayer for Guidance—Rev. John Barbour, D. D.

1:20—Round Table, Sunday-school Management—E. A. Fox.

1:50—Five minute pleas for advanced methods—1. The Home Department; 2. The Normal Class; 3. Grading; 4. Decision Day.

3:15—Round Table on the Sunday-school, four-in-hand.

4—Adjournment.

The following officers were elected for the ensuing year—

President—John Duley.

Vice-President—J. B. Noyes.

Secretary—Treasurer—E. Swift.

Assistant Secretary—Treasurer—W. P. King.

Executive Committee—1. M. Lane, James Asbury, R. A. Cochran, J. T. Kackley, W. W. Ball, J. Elgin Anderson, W. H. Cox, Andrew Wood, Charles Bolinger.

The ladies of the several Churches had prepared a bountiful lunch for the visiting delegates, served in the Chapel, and this part of the program at the noon hour was much enjoyed.

The last meeting of the Sunday-school Convention was held in the First Presbyterian Church last night, Mr. John Duley presiding.

After a short address by Mr. Fox, the large audience listened with wrapt attention for over an hour to a scholarly address delivered by Judge A. M. J. Cochran on Palestine. A large raised chart was utilized by the learned speaker in pointing out places of historic interest in Holy Writ. The speaker was familiar with the subject in hand and spoke with grace, ease and full knowledge of the Holy Land he was traversing and explaining in such a lucid manner.

The audience was an intellectual one, all the Preachers and a large number of their congregations being present.

At the close of the address the speaker was warmly congratulated by the Pastors for the intelligent and eloquent manner in which he had handled his subject.

Before the meeting closed \$25 was contributed to the Sunday-school fund.

Altogether the Convention was very successful, due to the untiring efforts of the promoters of the good work in this city.

MILLIONAIRE'S POOR STOMACH.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs.

The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years.

August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 50c; regular size, 75c. At Henry W. Ray's, next door to Postoffice.

Ray's fine Chocolates are the best.

Lee Carey of Ripley was recently sentenced to thirteen months in the Pen for using the United States mails for fraudulent purposes.

In the suit of the C. and O. Railway Company vs. Baird, from this county, a copy of the supersedeas bond was filed in the Court of Appeals as part of the record.

The Hunter-Edwards wrangle in the Eleventh District will probably be finally adjudicated on the floor of Congress. A Good Name.

From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and do their work with ease.—W. T. Easton, Boerne, Tex. Thousands of people are using these tiny little pills in preference to all others, because they are so pleasant and effectual. They cure biliousness, torpid liver, jaundice, sick headache, constipation, etc. They do not purge or weaken, but cleanse and strengthen. Sold by J. Jas. Wood & Son, Druggists.

COMPLETE returns show a Republican plurality of 230,471 in Pennsylvania. Just think if we had about 229,235½ of those fellows in Kentucky.

It is said that the forthcoming Message of the President will not contain more than 1,000 words. Evidently, he doesn't intend to give his views on the Kentucky election.

IF Mr. SAPP's Republican State Convention at Louisville had nominated either GUS WILLSON or BILL BRADLEY, GOVERNOR BECKHAM would now be arranging for a trip up Salt River.

A FIGURE-FIEND has figured out that there are nearly 270 different religions in the United Kingdom; and yet he failed to notice that the "United" Kingdom appears to be very much divided.

THE Postoffice address of the Honorable SAM PARKS, Walking Delegate for the House-smiths and Bridgemen's Unions of New York, will for the next two years and three months be Sing Sing Prison.

A FEW more "new leaders," instead of BRADLEY and the Old Guard, and a few more of TEDDY's semi-Democratic "appointments," and the Republican vote of Kentucky can be figured up on the size of a 2-cent postage stamp.

JAMES GATES was a few days ago admitted to the Cincinnati Hospital, loaded down with the morphine habit. In twenty years he has eaten 80,300 grains of the drug—enough to kill 26,767 men. Nobody but an Ohio man could stand that.

IF the Constitutional Amendment is defeated it will be due largely to the pig-headedness of the average Kentucky voter. It was a measure that meant great good to a state that needs enterprise and foreign capital more than any other state in the Union.

COLONEL W. C. P. BRECKINRIDGE has written so forcibly on the charges of fraud in the recent election, that THE LEDGER incorporates herein the main points of his article. He says: It is not yet possible in Kentucky to hold an election without charges and counter-charges of fraud, outrages and violence, and our habit has been as soon as the election is over to talk peace; "let by-gones be by-gones," and pleas for forgetfulness, if not forgiveness, are made. It is urged that it is not well to keep up the excitement after the election is over; that during election times all things are

Kodol Dyspepsia Cure does for the stomach that which it is unable to do for itself, even when but slightly disordered or over-loaded. Kodol Dyspepsia Cure supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. permissible and the party that loses has had bad luck and would have done the same thing, and peace and good neighborliness require wiping off the slate all charges. The charges are true or false; if true those guilty ought to be exposed if they cannot be punished.

It is charged that in Louisville forgery, perjury, open violence by election officers, shameless conduct by certain members of the police force, numbers of false impersonations known to the election officers and greater numbers of repeaters and fraudulent votes and other outrages were committed. If so those who complain ought to institute such civil and criminal prosecutions as the law permits, and the same course ought to be pursued everywhere else. It is no answer to say that these prosecutions will be unavailing; perhaps so, but that is the responsibility of others; the responsibility of those making the outcry is to institute the legal proceeding. Mere denunciation is worse than unavailing; it simply provokes counter-denunciation and nothing comes of it.

The result of the election does not affect this question, no matter what the majority; no matter who is elected or defeated, the duty remains unaltered. If rights have been impaired those thus outraged ought to fight for the recognition of their rights and for the punishment of those who encroached on those rights. It is quite absurd to call mere protestation, mere allegation of wrong, mere publication of fierce charges "a fight" for anything. This course has the deplorable effect on the public mind of making it accustomed to empty charges and vain clamor and the people look on these charges as the usual and insincere utterances of a political campaign as groundless as the anti-election boasting.

We do not know how well founded any particular charge is; we only know that much looseness of expression and inaccuracy of statement are common in the making of election charges, and we further know that "the good people" in the community take precious little interest either in the charges or their truth. It would be a startling result if some would ascertain how many of those who are thus charged are members of a Church; members in good and regular standing, and we opine if any earnest, sincere and determined Christian filed charges before his Church against a brother member for cheating in an election, for conniving at bribery and false voting he would be sat down on as a disturber of the peace of the congregation, and would probably be expelled or have the hand of Church fellowship withdrawn. And yet this is precisely what ought to be done. If these charges are true every tribunal that can impose any penalty ought to be appealed to for redress.

Political Pickings

PRESENT LEADERS ARE FAILURES.

Louisville Herald.

The Republican party of Kentucky wants a united leadership to succeed. It is for itself to say just how that leadership shall come. This is the hour for plain language resulting from clear thought. The sooner we draw the conclusion the better.

A little girl died at Lafayette, Ind., of lock-jaw following vaccination.

United States marines were landed on the isthmus to protect the lives and property of American residents.

One person was killed and fifty-one others were injured, two probably fatally, in a collision between cable cars on a viaduct in Kansas City.

William J. Honn, a prominent young man of Charleston, Ill., was arrested on the charge of poisoning a woman whom he was forced to marry.

At Memphis Mrs. M. L. Amis filed suit for \$40,000 damages against former United States Senator Sullivan of Mississippi for alleged slander.

The Mormon Church has purchased for \$4,000 the old Jail at Carthage, Ill., in which Joseph Smith, the Mormon Prophet, and Brother Hirma were killed by a mob in the early history of the state.

The Best Remedy for Croup.

From the Atchison (Kan.) Daily Globe.

This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The group remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup, known as hive syrup and told, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by J. Jas. Wood & Son.

FAR AHEAD OF CHICAGO'S RECORD

Seventeen State Buildings Now Under Way—Activity Along the Pike—Foreign Buildings Going Up—Landscaping Adds to the Beauty.

The exposition is rapidly assuming a finished look. Figures furnished by the builders of the great enterprise verify the impression. Although the work is proportionately far ahead of any other exposition at this date in advance of the opening, there is no cessation of activity and the army of 7,000 men are working with might and main.

Director of Works Taylor furnished President Francis with a statement a few days ago showing that the exposition exhibit palaces as a whole, were 89 per cent completed. Statistics show that the exhibit buildings at the Columbian exposition at Chicago, at a corresponding period, seven months before the opening, were but 44 per cent completed. Here is another decided advantage that these figures do not show, namely, that the building season is much longer in St. Louis than in Chicago. No doubt prevails in St. Louis about all being in readiness for the opening on April 30 next.

In making his report to Francis, Director of Works Taylor furnished the following official figures, showing the percentage of work done on the various exhibit palaces:

Transportation, 75; Liberal Arts, 96; Electricity, 99%; Education, 99; Manufactures, 83; Varied Industries, 99%; Machinery, 98; Mines and Metallurgy, 82; Forestry, Fish and Game, 30; Agriculture, 92; Horticulture, 62; Main Art, 55; Temporary Art, 88%; Colonades and Restaurants, 92; Festival Hall, 2.

On the Plateau of States these autumn days busy scenes are being enacted. Seventeen of the states have already got their pavilions well under way. Work will begin on another dozen within a week, and bids for the construction of many more have been asked for. These state buildings will prove a great architectural attraction. Every theme is treated and never in exposition history have the architects shown such original striking designs.

Mr. Taylor's official estimate of the percentage of work done on the state buildings follows:

Kentucky, 60; Wisconsin, 1; Louisiana, 55; Missouri, 65; Ohio, 50; New York, 10; Kansas, 80; Iowa, 91; Arizona, 90; New Jersey, 50; Indiana, 5; Arkansas, 15; Connecticut, 60; Nevada, 10; Oklahoma, 60; West Virginia, 60; Illinois, 10.

The T. P. A. building, which is to be headquarters for the commercial travelers during the exposition, is 65 per cent finished. The walls are being reared for the Temple of Fraternity, built by the united fraternal orders. The foundation work is in progress for the Inside Inn, a hotel within the exposition grounds, containing 2,500 rooms.

The same scenes of activity are being manifested on The Pike, the street of amusement concessions. The "Galveston Flood" is 40 per cent finished. "The Streets of Cairo" and the "Tyrolean Alps" are a quarter done, and good starts have been made on "Creation," "Old St. Louis," and other interesting attractions.

The grading for the eight miles of Intramural railway, which touches every point of interest in the grounds, has been completed, and much of the steel has been laid.

Perhaps the work that adds more to the apparent completion of the exposition than all other is the landscaping.

Seventy-five thousand yards of sod have been placed and it has converted barren hillside and yellow clay plains into beautiful lawns. Other places, where the top soil was not removed, has been seeded to blue grass and already a good stand has been secured. The rose garden, on the agricultural grounds, covering six acres and containing 60,000 rose bushes, many of which are now in blossom, is a rarely beautiful sight. The landscape department at present employs 500 men and lawns are being made, flower beds designed and shrubs planted wherever the work of the builders will permit.

The foreign buildings are naturally more backward than the others. Yet they are beginning to make a good showing. Mexico has finished her building. France and England are half up, and China, Canada, Germany and Japan are showing progress.

A large model in relief, designed to present in a vivid way the irrigation idea, upon the development of which so much of the future prosperity of the arid and semi-arid lands of the West depends, will be a feature of the exhibit of the United States Geological Survey at the World's Fair. The model is 21 feet long by seven feet wide and reproduces a part of the Salt River valley in Arizona. It is on a scale of

11 inches to the mile. It is painted in imitation of the natural landscape. The brownish desert is relieved with patches of green, where water has been brought by the irrigating canals.

—The Kentucky Exhibit Association will have 150 barrels of fine apples and pears in cold storage this winter for the state's horticultural display at the exposition in St. Louis next year.

—Pendleton county has sent in for Kentucky's mineral display at the World's Fair a large box of stone.

A PUBLIC OFFER

To All Persons in Maysville Who Wish to Gain Flesh.

Some people do not need to gain flesh, but many must before health can be restored to a normal condition.

Are you thin? Do you require more flesh to be really well and strong? If you do I want you to commence a course of treatment now with Vinol, and I will agree that if after you have taken what I consider should be enough to restore your normal weight, and it has not succeeded, I will pay for all the medicine you have taken myself.

Now you will agree that I would ruin myself financially if I should make such a bold offer on an article of no merit, and I must know what I am talking about, or I would not guarantee the action of any medicine like that.

A prominent physician recently said, "The best way to gain good, solid, firm flesh is to take Vinol, for in it you get all the curative, flesh-making and strength-creating properties contained in that grand old remedy, cod liver oil, without the nauseating oil itself, and the weakest stomach can retain it. Thin people are usually weak and ailing and Vinol is what they need."

Dr. Z. F. Highsmith of Sumpter, S. C., writes: "While taking Vinol I gained ten pounds; it restored appetite and strength."

Mr. E. O. Taft of Boonton, N. J., writes: "Vinol increased my weight eight pounds in a short time and made me well."

Mr. Henry Dickens of Nashville, Tenn., writes: "Vinol increased my weight 17 pounds and cured me. I could not take cod liver oil, as it disagreed with me and upset my stomach."

C. G. Johnson of Burlington, Vt., writes: "Vinol has restored my lost weight, and I have gained 20 pounds. Old-fashioned cod liver oil upset my stomach, but Vinol made me well."

So we might go on quoting from hundreds of such letters, and it is for this reason I know what Vinol will do. You see it acts first upon the stomach, creates an appetite for good wholesome food, and strengthens and tones up the digestive organs so the food is properly assimilated. Rich, red blood is sent coursing through every vein, solid, firm flesh is created wherever it is needed, and emaciated figures, hollow cheeks, and sunken eyes are soon a thing of the past. Vinol makes firm, healthy flesh and the weak strong because it strengthens every organ in the body to do its work.

Try it on our guarantee. J. C. Pecor, Druggist.

HARRY BERESFORD.

In "The Professor's Love Story," which Mr. Harry Beresford will present here on Wednesday, November 18th, will be found the essence of all that is beautiful in theatrical literature. For Mr. Beresford there is in the roll of Professor Goodwillie comedy of the highest class, drollery, love-making, self-sacrifice, heart interest cleverly constructed, and above all probable climaxes. In fact, every one of his personal characteristics are used in this play. The company supporting Mr. Beresford will be well worth commending.

Mr. Charley McCann of Brooksville and Miss Eliza Redman of Mason county will be married today at a house in Wall street.

Will Rowsey, given a twenty-one-year sentence for the murder of Samuel Mastin, escaped Jail as Danville by sawing through several bars of his cage.

Mr. and Mrs. George S. Bruce and children, will return Thursday to their home in Houston, Texas. Mr. Bruce is connected with the Southern Pacific Railroad.

The Jury returned a verdict for \$4,500 in the Marra damage suit at Lexington against the Southern Railway for killing John Marra. The suit was for \$50,000.

Colonel John B. Chenault, late Insurance Commissioner of Kentucky, has rented the Riley property in West Second street and will in a few weeks move to this city.

Ex-Mayor Volney Row of Portsmouth created a sensation Saturday by marrying Mrs. Callie Coerr, his former wife, who secured a divorce under sepapational grounds a short time ago.

The Kentucky Press Association Saturday accepted an invitation of the Kentucky Exhibit Association to hold its next midsummer meeting at the St. Louis Exposition. It decided to send a delegation of Kentucky Editors to the Press Parliament to be held in St. Louis May 10th.

Because the tax assessed against its property by the City Council has been increased from \$18,000 to \$50,000, the general offices of the C. and O. Railroad will be moved in the next few months from Richmond, Va., to Clifton Forge. The ostensible reason is that Clifton Forge, being near the center of the system, is more accessible.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by J. Jas. Wood & Son, Druggists.

When Medicine Fails, Try Liquozone—We'll Pay for it.

Medicine must fail in a germ trouble, because medicine never kills germs. Any germ-killing drug is a poison to you, and it cannot be taken internally.

Liquozone—liquid oxygen—is the only way that any man knows to kill germs in the body without killing the tissues, too. Its results in a germ trouble are absolutely certain, for it always destroys the cause of the trouble. To prove this—if you need it—we will gladly pay for a bottle and give it to you to try.

Only Oxygen.

Liquozone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple form into the blood that no germ could live in any membrane or tissue.

Liquozone does that. We spend 14 days in making every bottle, but the result is liquid oxygen—a germicide so certain that we publish on every bottle an offer of \$1,000 for a germ that it cannot kill.

Oxygen is a tonic to you—the most essential element of life. Its effects are exhilarating, purifying, vitalizing. Nothing else is so good for you. But germs are vegetables; and this excess of oxygen—the very life of an animal—is deadly to vegetable matter.

We Paid \$100,000.

for the rights to Liquozone for the United States. We did this after testing it for two years in 3,000 difficult cases, and proving that the results were inevitable. We state this price to show the value of Pauli's discovery. To-day the best physicians, the world over, use Liquozone alone in any germ disease. If you suffer from a germ trouble, you must use it, too; else rely on Nature alone to get well.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

Asthma Abscess—Anemia Bronchitis Blood Poison Bright's Disease Bowel Troubles Cough—Cold Consumption Colic—Cramp Constipation Catarrh—Cancer Dysentery—Diarrhea Dandruff—Dropsy Dyspepsia Hay Fever—Influenza Kidney Diseases La Grippe Leucorrhea Liver Troubles Malaria—Neuralgia Many Heart Troubles Piles—Pneumonia Pleurisy—Quinsy Rheumatism Skin Diseases Scrofula—Syphilis Stomach Troubles Throat Troubles

Eczema—Erysipelas Fevers—Gall Stones Gout—Gout Gonorrhea—Gleet All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood. In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever. Liquozone costs 50c. and \$1.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

MRS. ELIZA C. HENDRICKS.

"Was some days ago! Franklin Pierce was President; John C. Breckinridge had gone to Congress over General Leslie Combs; ex-Governor McClelland of Michigan was Secretary of the Interior, and Thomas A. Hendricks of Indiana was Commissioner of the General Land Office.

From this association dates enough to make a book of personal incident.

Coming of it, by the aid of Mr. Breckinridge and Mr. Hendricks, was my appointment to a position in the Treasury Department under President Buchanan. And of it all, no memory more pleasing than that of the good woman, wife and widow of Thomas A. Hendricks, just gone to final rest at Indianapolis.

I know whereof I speak—speak only of that which I know.

It's a truism that Governor Hendricks was absolutely void of personal ambition—cared nothing for mere place or power, for sake of it all.

Conscious of force of enduring merit, but retreating in accordance therewith, the world today would be minus his illustrious example but for the inspiration of his good wife! And this without "stooping to conquer" on her part, or the compromise of a principle on his; neither had the remotest conception of anything like this. The logic of the situation was—he came, she saw, and jointly they conquered!

Linked in honorable endeavor, the names of Thomas A. and Eliza C. Hendricks will go down the lines of Time doing credit to the Vice-Presidency and every position attained by the reflex of their pure and noble lives. A. G. B. Maysville, Ky., November 6th, 1903.

FOUND THE WATCH.

And a Ledger Advertisement Was All That Was Necessary.

Last Sunday Misses Ella and Katie May O'Mara of Covington were visitors in our city.

In boarding the cars at the Depot in the evening the crush and jam of the hundred or more eager and anxious to secure a seat was great. After the Misses O'Mara were seated it was discovered that Katie May's watch was missing from the chain dangling at her side.

Of course the discovery of the loss dispelled at once the pleasure they had experienced in a day spent at their old home, and the homeward journey was one of gloom and sadness as the lost watch was a gift—the inside inscription being: "From Mother to Mary."

Having great faith in the searching and finding abilities of THE LEDGER's Lost Column, they requested that an "ad" be inserted, and, as usual in such cases, the watch was returned to this office Saturday, and no doubt has gladdened the heart of the owner ere this by its reception.

It was found by an honest workman buried in the ashes near the spot where the young ladies boarded the car.
